(1) Notwithstanding any law to the contrary, each general sessions court judge in a Class 1 county who is compensated under this section shall receive the same compensation as the most highly compensated general sessions court judge in a Class 1 county who is compensated under this section.

(2) Notwithstanding any law to the contrary, each general sessions court judge in a Class 2-7 county who is compensated under this section and who receives the maximum amount of annual supplements shall receive the same compensation as the most highly compensated general sessions court judge in the same county classification who is compensated under this section. All other general sessions court judges in Class 2-7 counties who are compensated under this section shall receive the same compensation as the most highly compensated general sessions court judge in the same county classification with the same jurisdiction who is compensated under this section; provided, however,

that no judge shall be paid a salary that reflects jurisdictional supplements that the judge is not entitled to receive by law.

(3) Notwithstanding any other law to the contrary, no judge of a general sessions court shall be paid a salary that is greater than the salary paid to a judge of a circuit court.

(4) Except as provided in subdivision (g)(3), nothing in this part shall be construed as prohibiting a county, by public or private act or local ordinance, from compensating its general sessions court judge or judges at levels in excess of what is required by this section. Any public or private act or local ordinance in effect on September 1, 2014, that provides greater compensation for a general sessions court judge than is required by this section shall, to the extent of the judge's amount of compensation, prevail over this section. (h)

(1) Each general sessions court judge and clerk shall work with the AOC to develop a system to provide for the annual reporting of case data from the general sessions courts to the AOC, subject to the availability of sufficient state and county funding to support this system.

(2) The progress towards the development of the system identified in subdivision (h)(1), and any data obtained under subdivision (h)(1), shall be reported by the AOC by no later than February 1, 2015, and February 1 of each succeeding year, to the governor, the comptroller, and the chairs of the judiciary committee of the senate and the civil justice committee of the house of representatives.
